

The Vermont Haiti Project wishes you and yours a happy holiday. And we hope you'll think of helping the people of Haiti.

We are approaching one year after the devastating earthquake of January 12. Haiti is back in the news with another destructive hurricane in November, a cholera crisis of epic proportions, and now political unrest with the recent elections.

*The challenges and needs continue to mount and multiply almost exponentially. Life in Haiti is immensely difficult, yet we- **Vermont Haiti Project**- can tell you first hand that the spirit of the people is alive, and amazingly strong; there are many positive and good things happening.*

Yes, this is our year-end appeal, and we hope you will take a few moments to let us tell you why we believe the **Vermont Haiti Project** is deserving of your valuable time and hard earned resources. *We are tremendously grateful for those of you who have recently donated!*

VHP believes that real change happens by making a difference one person, one family, and one community at a time... **neighbor to neighbor**- across the street, across the state, across the ocean. VHP is your friend and neighbor, connecting with Haitian friends and neighbors.

Our efforts in Haiti are focused through these personal and trusted relationships. Projects are collaboratively conceived and then implemented by our Haitian partners themselves who have the vision, the passion, the motivation *and* the skills.

VHP has a proven record through our continued efforts with our Haitian partners through programs that have demonstrated immediate, tangible and successful results.

Any amount will be very gratefully appreciated, and your donation is tax-deductible. DONATE [online](#), or by mail:
